

# Alexei Ougriniouk

Web Developer

Hamilton, Canada, 2892307055, alexougriniouk@gmail.com

## Professional summary

Web Developer with over 2 years of experience in full-stack development, skilled in Vue, React, and AWS Lambda to create innovative web solutions. Demonstrates expertise in designing user-friendly interfaces and managing databases like MySQL and MongoDB, ensuring system efficiency and scalability. Passionate about driving forward-thinking projects, fostering collaboration, and leveraging cutting-edge technologies in web development.

## Skills

Node.js (*Experienced*),  
cPanel (*Experienced*),  
Next.js (*Experienced*),  
MySQL (*Experienced*),  
PHP (*Experienced*),  
React (*Experienced*),  
Laravel (*Experienced*),  
Hostinger (*Skillful*),  
Vue (*Skillful*),  
ASP.Net (*Skillful*),  
SQL (*Skillful*),  
Vercel (*Skillful*),  
Angular (*Skillful*),  
Apache (*Skillful*),  
AWS Lambda (*Novice*),  
Java (*Beginner*),  
C# (*Beginner*),  
Python (*Beginner*),  
Swift (*Beginner*),  
MongoDB (*Beginner*),  
PostgreSQL (*Beginner*),  
DevOps (*Beginner*).

## Languages

English (*Native*),  
Russian (*Proficient*),  
Ukrainian (*Proficient*),  
Spanish (*Novice*),  
French (*Novice*).

## Employment history

### DevOps Support Engineer / Software Support, Jan 2024 - Present

*Palomino Inc, Hamilton*

- Develop and maintain web applications with Laravel and WordPress, ensuring optimal performance.
- Manage IT infrastructure, performing updates and security checks to enhance system reliability.
- Provide technical support, resolving hardware and software issues efficiently for user satisfaction.
- Collaborate with teams to deliver high-quality web solutions, meeting client specifications.
- Monitor and optimize system performance, implementing solutions for improved network connectivity.

### Coding Instructor, Feb 2023 - Dec 2023

*Code Ninjas, Hamilton*

- Assessed student progress and provided feedback to ensure a thorough grasp of coding concepts
- Implemented a series of coding challenges to evaluate student progress and pinpoint areas for improvement
- Crafted a comprehensive curriculum for a coding boot camp encompassing the fundamentals of web development and software engineering
- Collaborated with students to create engaging games in Scratch, C#, Python, JavaScript, and Lua, fostering their passion for coding and game development.

### Fullstack Developer, Nov 2021 - Dec 2023

*Taindeen, Warsaw (Remote)*

- Web Development: Proficient in Vue, Next.js, Node, React, Laravel, and Angular, creating engaging user interfaces and building robust server-side applications.
- Database Management: Designed and managed databases using MySQL, Firebase, MongoDB and PostgreSQL to ensure data integrity, scalability, and optimal performance.
- Cloud Computing: Implemented serverless architectures with AWS Lambda and Google Cloud Platform, designing and deploying functions to optimize performance and reduce infrastructure costs.

## Education

### Software Development, Jan 2022 - Apr 2024

*Mohawk College, Hamilton*

### Software Support, Sep 2018 - Dec 2021

*Mohawk College, Hamilton*
